

#1 Coating Technology in The World
Molecule Gradient Layer (MGL)TM Technology

High heat-resistant Film Adhesive

SB sheet

Features

- Solder-resistance adhesive tape.
- Slight adhesion
- Excellet for stickness
- Room keeping
- Excellet for bonding strength

Properties

Type		NO.	properties
standard		SBN	standard type
NEW	low temperature type	SBL	thermosetting by low temperature
NEW	high strength	SBH	high strength in comparison with SBN

[Specifications]

Product	thickness (mm)	adhesive (N/10mm)	size
SBN35	0.035	8	300mm x 20m
SBN40	0.04	9	300mm x 20m
SBN25	0.025	6	300mm x 20m
SBN13	0.013	4.5	300mm x 20m

Important Notice for use

It is essential that the user evaluate the our product to determine whether it is fit for a particular purpose and suitable for the user's method of application.
