

Autohesive tape 011

Bundle

Features

1. Without sticky, it bundles mechanically by roughness of right and wrong surface.
 2. It is able to tie up something wet.
 3. It has excellent manual cutting property.
- Notice: It's reusable but the repetitive count varies by condition for use.

Structure

This tape bundles things by unevenness of each surface and molecular-chemical interaction.

Properties

Product name	Thickness (μm)	Adhesive force (N/25mm, SUS)	Breaking strength (N/10mm)	Elongation (%)
011	100	2.0	MD 2.5	MD 12
			TD 2.7	TD 23

Uses

- Unity of the circuit boards
- Unity of the cable
- Unity of the horticulture equipments
- Unity of the vegetables

Precautions for Use

User is responsible for determining whether the KGK product is fit for a particular purpose and suitable for user's method of application. Please remember that many factors can affect the use and performance of a KGK product in a particular application. The materials to be bonded with the product, the surface preparation of those materials, the product selected for use, the conditions in which the product is used, and the time and environmental conditions in which the product is expected to perform are among the many factors that can affect the use and performance of a KGK product. Given the variety of factors that can affect the control, it is essential that the user evaluate the KGK product to determine whether it is fit for a particular purpose and suitable for the user's method of application. KGK make no warranties on above data.

Precautions for Storage

Please store tapes in a box and cool, dark place, avoiding direct sunlight.
Particularly don't expose to high temperature and humidity.
Over 30°C temperature and 50% or more humidity is strictly prohibited.
